

Create your own Christmas Code with Lena

If you could create your own Christmas Code, which 5 values would you include?

Circle 5 values from the list below

We must always be considerate of other's needs
If you have nothing nice to say, don't say it
Never do really big burps
Always comfort others when they're sad
We must sing Jingle Bells every morning and night
Always strive to eat as much chocolate as possible
Never snatch things off others or refuse to share with them
Chew with your mouth closed
We must wrap all our Christmas presents very neatly
We must all have 100 feet tall Christmas trees
Don't forget to smile at others and yourself in the mirror
We must never run on the ceiling!

**Copy your values onto your own Christmas code!
Date and sign it and place it in your house
somewhere where everyone can see it!**

The Christmas Code
